Welcome

On behalf of the MAAA and the MHSAA we would like to welcome each of you to Biloxi and the IP Casino & Resort for the 22nd Annual Mississippi Athletic Administrators Conference! What a beautiful place to spend a few days with our colleagues to renew friendships, make new contacts, exchange ideas and grow professionally! We are glad to have ***Hellas Construction*** as our title sponsor for the second year! Our association greatly appreciates their support of our conference! The MAAA Conference agenda is designed for the professional development of our athletic administrators, principals and superintendents. Attendees will hear several topics and concerns focused on high school and college athletics. On Thursday, we will recognize several student-athletes and our members' professional accomplishments at our **BSN-MAAA Awards & Recognition Luncheon**!

I hope each of you enjoy the conference as well as some of the sites and tastes of our Mississippi Gulf Coast.

MAAA President - Shane Sanderson

- **"Pre-Season Meetings"** - Lynn Moore, Athletic Director, Itawamba County Schools *(Ballroom D)*

BROCK®

COOLER. FASTER. SAFER.

Artificial Turf Shock Pads + Natural Engineered Infill

Artificial turf is no longer just carpet-over-stone. You are investing in advanced systems that require the latest technologies to create the safest, highest-performing environments for your student-athletes. Learn how to future-proof your field.

Stability

Modern systems use non-resilient, organic infills to create a more stable surface. These infills create the fast, firm surface athletes love and can mimic the traction of a great root-zone found in quality natural grass fields.

Impacts

The latest, safer systems rely on a quality shock pad system to provide impact absorption. By including a shock pad your field can reach the impact safety results found in a great natural grass sports field.

Heat

The organic infills of modern turf systems are commonly light colors and do not attract heat like black rubber. Some also have innate characteristics that allow them to absorb water readily and cool the field by 20°-50° through evaporative cooling.

- Soft Drinks

Purpose of the MAAA – *Established 1992*

- *To promote the professional growth and image of interscholastic athletic administration*
- *To promote the development and prestige of the MAAA which will contribute, in cooperation with the MHSAA, to the interscholastic athletic programs of Mississippi*
- *To provide an efficient system for exchange of ideas between the MHSAA, MAAA, and the NIAAA and individual athletic administrators*
- *To preserve the educational nature of interscholastic athletics and the place of these programs in the curriculum of our schools*
- *To provide education programs for the membership*

MHSAA Mission Statement

The mission of the Mississippi High School Activities Association (MHSAA) is to serve its member schools by providing leadership and coordination of interscholastic activities which will enhance the educational experiences of secondary students and reduce risks of their participation. The MHSAA will promote participation and sportsmanship to develop good citizens through interscholastic activities which provide equitable opportunities, positive recognition and learning experiences to students while maximizing the achievement of educational goals.

NIAAA Mission Statement

The National Interscholastic Athletic Administrators Association preserves, enhances and promotes educational-based athletics through the professional development of interscholastic athletic administrators.

National Interscholastic Athletic Administrators Association

The MAAA highly encourages its membership to join our national association, the NIAAA! *Why the NIAAA?* Athletic Administrators consistently contribute the longest days among staff members in most American school districts. The second work day begins when the regular school day ends, and what has been planned, organized and implemented by the athletic administrator, goes into action. Whether an athletic administrator, assistant principal in charge of athletics, athletic director, coordinator, liaison or supervisor; there is a delicate balance among profession, personal time, and family, as the 'AD' provides student participation opportunities within education based athletic programs.

How does being a part of a professional association fit a busy lifestyle? What does this professional organization provide that will assist in adding order to a sometimes hectic schedule? How can individuals with a heart for helping others succeed be assured they are affiliated with a like-minded group? Why the NIAAA?

As we lead each day in school communities helping build tomorrow's future, each of us understands and relies on such qualities as integrity, credibility and a shared mission. These practical and often emotional criteria are ones that assist in determining in what areas we will rely, share experiences, and devote time and energy.

The NIAAA champions the profession of administering athletic programs in our nation's high schools and middle schools. No other body values, promotes, preserves, supports and stands ready to uplift the cause of the athletic administrator, as does the NIAAA. Providing education, leadership and service platforms allows the NIAAA to best help colleagues network, choose from resources, draw from practices and give back to your profession while advancing in one's career.

NIAAA Membership Benefits:

- Interscholastic Athletic Administration, a quarterly professional journal written by and for athletic administrators
- $2,000,000 student injury and property damage liability insurance while performing the duties of an athletic administrator
- $2500 term life insurance
- Ability to purchase Long Term Health Care at discount rates, as well as discounts on Cancer Insurance and Accident Insurance
- Discount on registration fees for the National Athletic Directors Conference in addition LTI classes, certification and other services
- Opportunities to serve on national committees
- Support, communication and informational materials regarding key issues, through interpretation, best practices, research, explanation and education
- Opportunity to nominate students from your school for the NIAAA Scholarship annually
- Opportunity for national recognition through the NIAAA Awards Program

The NIAAA champions the profession of athletic administration

through educational opportunities, advocating ethics, developing leaders and fostering community.
